South Carolina Public Service Commission

Dear Public Service Commission,

Duke should quit investing in dirty, old energy like coal and nuclear, and actually invest in the cheaper renewable technologies its executives claim to support. I want the Carolinas to be more energy efficient, responsible, and reasonable and powered by local wind & solar that will employ thousands of Carolinians. Yes, employ thousands of us and LOWER energy rates and be good stewards of our state's resources!!! Just do what is right!

Sincerely,

Sally Yearwood  
5590 Wingate Creek Rd  
Oxford, NC 27565-6876
